

The Victorian Transport Branch of Engineers Australia, the Institute of Transportation Engineers - Australian and New Zealand Section, and the Victorian branch of Australian Institute of Traffic Planning and Management,

invite you to a free seminar on

The East West Link Needs Assessment Study

Wednesday, 11th June
4pm - 6pm

This seminar will give you an opportunity to hear first-hand about the technical details of the Eddington Report.

Venue: Department of Transport Theatre
Level 5, 121 Exhibition St, Melbourne

Speakers:

Tony Canavan – Study Leader

Before taking on the role of Study Leader for the East West Link Needs assessment, Tony was Chief Executive of the Southern Cross Station Authority during the station redevelopment. Before that, he held senior positions at VicTrack, and has worked in the rail industry for over 15 years.

Geoff Rayner – Technical Team Leader

A civil engineer, with a long and distinguished career that has included senior roles in some of Victoria's most important road projects - the Hume Freeway project, the landmark Citylink project and more recently as General Manager, Engineering on the EastLink project. Geoff headed up the technical team on the East West Needs study.

Confirmation:

Please confirm attendance by email to aitpm@aitpm.com by close of business **Friday, 6th June**, as security passes need to be prepared for every attendee.

Drinks, nibbles, and post-seminar conversation will be held at a nearby venue following the session. This is a joint seminar held for the benefit of the traffic and transport engineering and planning professions.
