Government's Agenda on Road Safety

Date:

Tuesday, 15/12/2015

Time:

4:30 pm – 6:00 pm

Venue:

**RMIT University
Room 7, Level 2, Building 80
455 Swanston Street**

Hon Luke Donnellan Minister for Roads & Road Safety Minister for Ports

Luke Donnellan is Minister for Roads, Road Safety and Ports in the Victorian Labor Government led by Premier Daniel Andrews.

Luke was elected as the State Member for Narre Warren North in November 2002 and served as the Shadow Minister for Roads, Road Safety and the TAC from 2010-2014.

He was born in Melbourne, and attended Xavier College 1977–84. He received a Bachelor of Commerce from the University of Melbourne in 1987. After finishing university he worked as a commercial real estate agent, financial planner and client services manager. Luke is married to Charlotte and together they have two sons. In his spare time, Luke enjoys going to the footy with his boys, running and gardening.

“For the first time, Victoria has a dedicated Minister for Road Safety, who is developing a new road safety strategy and plan of action, with ambitious goals and a fresh approach.”

The Minister will present the Government's Agenda on Road Safety. Besides, continuing the current safe system approach (safer roads, safer vehicles, safer road users and safer speed), a big emphasis of the Government's positive road safety agenda is generational change, by establishing safer driving behaviours from a young age to keep people safe for life. The removal of 50 of Melbourne's most dangerous level crossings will also make the road network safer for pedestrians and cyclists and other road users, as Victoria's population grows and more people share the roads. (More ... come and hear from the minister!)

This is a free seminar
