

The Victorian Chapter of the Australasian College of Road Safety and the Institute of Transportation Engineers are joining forces to bring you two seminars with an international focus

Afternoon tea
and networking
4pm - 4.30pm

**Decade of Action for Road Safety:
A global perspective on
road safety**

Many of our road safety colleagues have been lucky enough to travel overseas to learn about different aspects of road safety.

Hear from those who have travelled, and how they have implemented what they have learned back home.

2pm – 4pm

**Institute of
Transportation Engineers:
Working in Asia seminar**

A panel discussion with speakers sharing their experiences working in Asia, including seeking and winning work, cultural change and challenge, technical trends and emerging opportunities, project delivery, and knowledge sharing.

4.30pm – 6pm
