- (1) Advance the objectives of the Institute.
- (2) Foster closer association of Institute members.
- (3) Encourage members to prepare or discuss papers.
- (4) Prepare suggestions on matters of policy to the Institute Board of Direction.
- (5) Consider local transportation and traffic engineering problems.
- (6) Co-operate with other local engineering groups on matters of common interest.
- (7) Present the transportation and traffic engineering point of view consistent with established Institute policies.
- (8) Encourage the introduction of transportation and traffic engineering courses in colleges, universities and technical schools in the Section.
